1. Tuition and Institutional Charges

Aircraft Maintenance Training Program 2015-2016

Period 1  $5,257.50 due August 28, 2015
Tuition $5,015.00
Lab Fee $ 392.50
Books $ 350.00
Registration $ -500.00

Period 2 $5,407.50 due November 30, 2015
Tuition $5,015.00
Lab Fee $ 392.50

Period 3 $5,407.50 due February 29, 2016
Tuition $5,015.00
Lab Fee $ 392.50

Period 4 $5,407.50 due June 1, 2011
Tuition $5,015.00
Lab Fee $ 392.50

Total Maintenance Tuition & Lab Fees $21,900

Additional costs will be incurred for books, tools, FAA testing and field trips.

Application fee $ 25.00
Tools $1,000.00 (approx.)
FAA Tests
Knowledge Tests – 3 @ $150 $450.00
Orals and Practical’s – 2 @ $300 $600.00

*FAA Test prices are estimated 3rd party testing prices

*Includes FAA check ride at conclusion of specific course. Commercial Pilot check ride not included in total hours.

Actual hours flown by students in the past 3 years have been within 5% of the program hours, according to the distribution above. Students requiring flight instruction that exceeds the estimated time to meet the minimal standard in the practical courses will be required to pay a per hour fee for the plane and instructor until satisfactory performance is obtained, at the following nominal rates: Instruction - $40 / C172 - $110 / C206 - $215 / 172RG - $150 / Simulator - $25.
Flight Program tuition costs of $48,925 include all necessary course materials for ground school and flight training. The following additional expenses are not included in the program costs, with estimated values provided for each:

- FAA Medical Examination (2nd Class)..........................$150
- FAA Knowledge Tests - 3 @ $150.........................$450 (Private/Instrument/Commercial)
- FAA Examiner Fee – 3 @ $400.................................$1200 (Private/Instrument/Commercial)
- Commercial Pilot check ride.................................$275 (Aircraft Charge)
- Aviation Headset......................................................$250 - $995 (highly recommended)
- Ipad/Ipad Mini/Ipad Air.................................................$250 - $450 (required to start training)
- Consultation Flights.......................................................$200 - $500 (see explanation below)
- Private Pilot Evaluations.................................................$550 (see explanation below)

**Private Pilot Evaluations** - Applicants to the program who possess a Private Pilot certificate will undergo knowledge and flight evaluations so that a tailored refresher and standardization course can be designed based on assessed levels of proficiency and acquired knowledge base. These evaluations are scheduled over a 3-day period, including at least 3 hours of ground instruction and 5 hours of flight in a Cessna 172. All students must be present in the orientation sessions at the beginning of the program, regardless of previous evaluation status and standardization needs.

**Consultation Flights** – SMAT has good relationships with a number of mission organizations with aviation programs around the world. The valuable input and recommendations they give are essential for meeting the objective to provide training to the highest possible standard, tailored for the unique qualities and challenges inherent to this facet of aviation, as well as shaping the professional profile we desire in each of our graduates. Though not required of any student in training, we highly recommend the opportunity to fly with an observer/evaluator from one of these organizations for the purpose of having a helpful external assessment of the individual progress in the technical areas that are of greatest concern for the training departments in missionary aviation agencies. The consultation flights also provide feedback to the SMAT training department about areas that need to be improved or modified to meet changing realities and field needs, especially as they relate to standards, procedures, and safety culture. These flights, with an average duration of 2 hours, will be arranged through the flight training department, and are conducted prior to the conclusion of the program, according to the availability of a representative from an organization of choice.

**Flight Program Payment Schedule**

The total cost of the flight program ($48,925) is divided into four payments, according to the schedule below. A student with a negative balance will not be scheduled for flights, and must inform the Program Director of any problems that affect the payment deadlines. See Refund Policy for conditions related to early withdrawal from the flight program.

- Payment 1.......................$12,231 due 8/28/2015
- Payment 2.......................$12,231 due 11/30/2015
- Payment 3.......................$12,231 due 02/29/2015
- Payment 4.......................$12,232 due 06/01/2015
